## MUTILATED REMAINS OF LITTLE ALMA KELLNER FOUND IN A CISTERN

### Wife of Janitor Who Has Disappeared Held as Accessory to the Murder of Eight-Year-Old Louisville Girl

### Body Found Under Parish Building by Plumbers Who Were Making Some Repairs—Police of Entire Country Will Search for Murderer.

Louisville, Ky., May 31.—The police are losing no time today in their efforts to clear up the mystery surrounding the murder of Alma Kellner. Descriptions of Joseph Wendling, missing janitor of St. John's school, where the girl's body was found, have been sent all over the country.

A search was made today of the furnace, where it is believed an attempt was made to burn the child's body before hiding it in the cellar. Mrs. Kellner today identified a pin found in the Wendling home, which she says belonged to her daughter.

Detectives do not believe that Mrs. Wendling, in jail here, is responsible for the crime, but they think she is concealing many important facts.

Louisville, May 31.—Mrs. Joseph Wendling was arrested last night on the charge of being an accessory to the murder of Alma Kellner, whose mutilated body was found yesterday in a cistern under one of the parochial buildings of St. John's Catholic church.

Confronted with a gold ring and a pin which had been found in her trunk and after she had been positively identified by the mother of the long-missing child as one which Alma wore the day she disappeared, Mrs. Wendling maintained a stolid demeanor and refused to give any information that the ring and pin had been given her by a boy who found them on the street.

Mrs. Wendling also admitted that some stains on some clothing which she washed for her husband shortly after the child disappeared were blood stains. Her admission was made in advance of a chemical analysis of the garments, which are in the possession of the police. Mrs. Wendling declared that the blood stains came from a wound her husband had accidentally suffered on his arm during the course of his work. Further than this, a three hours' sweating, which ended shortly before midnight, elicited little information from the woman, whose husband the police now seek as the murderer of the little girl. He has been missing since Jan. 14. With the finding of her mutilated and decomposed body part of the mystery surrounding the disappearance of Alma Kellner, the 8-year-old daughter of Fred L. Kellner, on Dec. 8, has been solved.

Frank Fehr, the millionaire brewer, uncle of the child, who, since her disappearance, has spared neither time nor money in the search for her, has positively identified the body.

The body was found only a few yards from the entrance to St. John's church, where Alma had gone to attend services the morning of her disappearance.

The place where the body was discovered is 6 feet wide by 10 feet long, and is reached by two entrances, one a trap door inside the school house, which has not been opened for several months, and the other a door near the side of the entrance to the building between the school house and the residence of Rev. Mr. Schumann, the pastor of the church. The church is only five squares from the Kellner home.

A little more than a year ago, according to police records, Wendling was arrested and fined because of improper conduct with a young girl whom he accosted on the street.

Neither Mr. nor Mrs. Kellner, parents of Alma, has seen the bones of the child's body. Both are prostrated. Mr. Fehr, the uncle, is positive of his identification through the comparison of a shoe found with the body of one worn by Alma before her disappearance.

The finding of the body after months of search, not only in Louisville, but throughout the United States, for Alma Kellner, was by mere accident.

Saturday the janitor at St. John's church told Rev. Mr. Schumann that water was collecting under one of the parish buildings. Plumbers were sent for and immediately commenced to pump out the water. Their work was resumed yesterday morning.

After pumping only a short time the water commenced to smell bad and a few minutes later a slime covered object was discovered. A child's foot, with shoe and stocking on, appeared. The police and coroner were notified immediately by Rev. Mr. Schumann.

After working for five hours over the fragments of the body, Coroner Ellis Duncan said that the top and part of the left side of the skull and

## THE DREXEL MILLIONS WILL RESTORE RUINS OF ANOTHER CRUMBLING ENGLISH MANSION

New York, May 31.—Members of the Drexel-Maidstone party have sailed for London. The marriage of the titled Englishman to one of the richest heiresses in the United States, as first planned, owing to the death of King Edward, but the bride will wear a gown that cost \$16,000. The Drexel millions will be used partly in restoring the ruins of Kirby Hall, the ancestral seat of Viscount Maidstone. Miss Drexel will be married to Viscount Maidstone in London on June 8. The wedding will

be in St. Margaret's church, Westminster, and the bishop of London will officiate. The bridesmaids will be Miss Mildred Carrier, Miss Edith Wayne, of Philadelphia, Miss Nelly Post, Lady Barmore's daughter, who will soon become a bride herself, and the bridegroom's sister, Lady Gladys Pincin-Harmon; Lady Letty Manners, Miss Rhoda Astley, daughter of the dowager Lady Hastings; Miss Margaret Combe, daughter of Lady Constance Sombe, and Miss Sibyl Fellowes, daughter of Lord and Lady de Ramsey. There will be small bridesmaids also, Lord Maidstone's cousins, the daughters of Lady Muriel Paget.

## COL. ROOSEVELT SHOCKS BRITISH AUDIENCE BY BOLDNESS OF HIS SPEECH

London, May 31.—The big stick was brought down hard today on the English government of Egypt when Col. Roosevelt replied to a speech by Ch. Chamberlain Gledale, making him an honorary freeman of the city, at the famous Guild hall. "If you feel that it is your duty to civilization to control Egypt, show yourselves ready to meet the responsibility and rule with a stronger hand; if you don't then get out of the country," was the keynote of the speech.

The audience was plainly shocked at the Colonel's boldness and the propriety of responding in this way to an honor rarely conferred on a foreigner. Roosevelt's speech was a direct cutting style of oratory and while many of his points were applauded the audience seemed dazed. It is feared that his speech may bring about a crisis in Egypt. The Colonel and his party were the guests of the Lord Mayor at luncheon.

## CURTISS CALLS ON MAYOR GAYNOR

New York, May 31.—Senator Glen Curtiss called on Mayor Gaynor today for invitation to preside at the celebration of the 100th anniversary of the signing of the Declaration of Independence at New York.

The Mayor's secretary said that the Senator would like to make a speech at the celebration, but that the Mayor would not allow it.

## NO TRACE OF THE DOCTOR

London, May 31.—Representatives of the London papers said today that Scotland had been searched carefully and no trace could be found of Dr. Cook, who rumor stated, was preparing to leave for the north to get positive proof of his alleged discovery of the pole.

## ANOTHER QUAKE IS RECORDED

Cleveland, O., May 31.—Father Odenbach's seismograph recorded an earthquake which he believes occurred on the west coast of South America just before last midnight.

Wayne, of Philadelphia, Miss Nelly Post, Lady Barmore's daughter, who will soon become a bride herself, and the bridegroom's sister, Lady Gladys Pincin-Harmon; Lady Letty Manners, Miss Rhoda Astley, daughter of the dowager Lady Hastings; Miss Margaret Combe, daughter of Lady Constance Sombe, and Miss Sibyl Fellowes, daughter of Lord and Lady de Ramsey. There will be small bridesmaids also, Lord Maidstone's cousins, the daughters of Lady Muriel Paget.

## BARBER SHOT SHAVING MAN

Gloster, May 31.—Jack Tracey shot and instantly killed Fred Reynolds, while the latter was shaving a customer in his barber shop in this city, at about 5:30 last evening. Tom Rice, a bystander, was shot in the left shoulder, but his injuries are not of a serious nature.

Tracey fled, but was captured within a short time by Marshal Lavelle and Loren Andrews. Tracey was found in an outbuilding near his residence and offered no resistance.

Had blood between the two men caused the shooting. More than a week ago Reynolds' father was badly beaten up and Reynolds accused Tracey of doing it. The night before the shooting Reynolds was looking for Tracey with a shotgun, but failed to find him. When he was shot, Reynolds, who was shaving a man, had no chance to defend himself. The bullets passed a few inches from the head of the man in the chair.

Tracey was taken in a carriage to the county jail at Athens by the marshal and a deputy.

## ROOSEVELT

Has Accepted Invitation to Address National Conservation Congress in September.

New York, May 31.—"I was greatly delighted to receive from Colonel Roosevelt an acceptance of my invitation that he address the National Conservation Congress during the first week in September." There was a peculiar twinkle in the eye of Gifford Pinchot as he made this statement on the Annapolis, just in from Europe, where he was hastily un-

## HUNDREDS KILLED IN CYCLONE AT MOZAMBIQUE AND CITY IS DESTROYED

### Property Loss of Former Metropolis of Portuguese Possessions Will Reach an Enormous Figure

### Coastwise Steamer Carrying 400 Persons Was Overturned and All Were Drowned—Number of Boats Swamped and Island Homes are Wrecked

Lisbon, May 31.—A terrific cyclone swept over Mozambique, on the east coast of Africa, yesterday, killing hundreds and destroying practically the entire city, according to dispatches published today in the Diabro-Noticias. The details received are meagre, but all reports agree that the windstorm was the fiercest known on the African coast in many years, and that the death toll will be enormous.

A coastwise steamer carrying 400 natives was caught in the cyclone off the harbor of Mozambique and overturned, drowning all on board. A number of small native craft were

swamped with loss of life, and nearly every house on the three islands in the harbor was demolished.

Mozambique was formerly the metropolis of the Portuguese possessions in Africa. Its harbor is world famed. Three small islands, on which the city is built block its entrance, so that the water within is one of the safest refuges from storms on the coast. At the head of the bay, on the mainland, stands the village of Mesufil, where the Europeans live. It is reported that the cyclone did less damage there than at the mouth of the harbor.

The population of Mozambique is about 6000, of whom about 300 are Europeans. The town was substantially built and one of the most picturesque spots in the world.

moned to inform Roosevelt on the details of the Ballinger Imbroglio.

Although he refused to discuss politics or tell the result of his conference with Roosevelt, there is every reason to believe that Roosevelt gave great encouragement to the adherents of the conservation movement, and by inference allied himself against Pinchot's enemies.

## MADRID FORCES WERE REPULSE

Bluefields, May 31.—The Madrid forces were again repulsed today with at least 100 men killed. Spies say that fever has broken out in the Madrid ranks and their camps are vile with disease. Estrada plans to take the offensive again and try to capture Managua.

## BOY KILLED FOR BURGLAR

Cambridge, May 31.—While attempting to enter the store of John Burt at Pleasant City, Steve Shandik, aged 10, was instantly killed. A barrel of sugar had been suspended in such a manner as to fall should a burglar attempt entrance, and it caught the boy on the head, crushing his life.

## BLIZZARD IN MICHIGAN

Detroit, May 31.—A special from Calumet says that Lake Superior and the surrounding country are in the grip of a fierce blizzard, with high, northerly winds and a heavy snow. All boats are seeking ports of refuge. A heavy sea is running all along the southern coast.

## PASSING TRAIN INJURES MEN AT UNION STATION

Two Romanian brothers, George and Joe Deleog, section men in the employ of the B. and O., were struck by a train at Union Station about 5 o'clock Tuesday morning, both being painfully injured and one so seriously that it may cost him his life.

The manner in which the accident happened is the same old story. The men were walking along the tracks and stepped off the track on which they saw a train approaching and directly in front of another approaching freight train which they did not see. Both men were brought to this city on a freight train, which was met at Second street by Criss Bros. and Jones' ambulance, and the injured men taken to the Newark Sanitarium, where they are now confined. George Deleog was injured the worst, having sustained two deep scalp wounds which required fifteen stitches to close, a broken rib, the left foot was crushed so that it had to be amputated above the ankle, and there is a large contused wound at the hip. Joe Deleog suffered a fracture of the collar bone, Mrs. Barnes, Shifer and Anderson were the attending surgeons.

## ATTORNEY GENERAL WILL START SUIT TO PREVENT THE INCREASE

Washington, May 31.—Senator La Follette introduced a resolution today calling upon the attorney general to prevent enforcement of the uniform advance in freight expected tomorrow, declaring it a violation of the anti-trust law. Senator Elkins objected to immediate consideration and was sustained by the chair. Senator Owens was then given the floor for

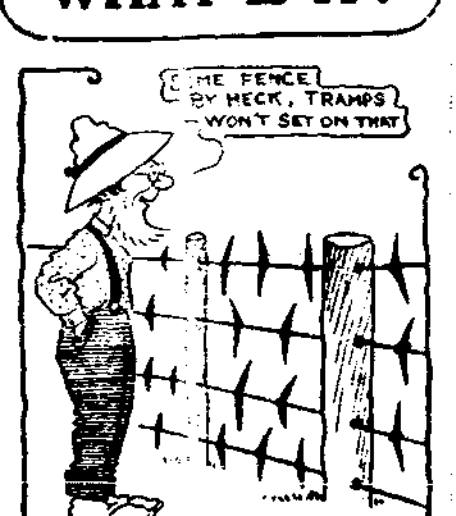

a speech on direct election of senators.

Attorney General Wickersham laid before the president today the demand of western shippers that the department of justice check the freight rate increase. He later visited the senate and it is said assured some of the senators that suit would be started in Chicago before showdown against the western railroads to head off the increase.

Washington, May 31.—The trial of Chief of Police Kohler was started today in the Municipal Court. Kohler is charged with the murder of a woman named Mary Jane Smith, who was found dead in a rooming house in Cleveland.

Kansas City, Mo., May 31.—Fire yesterday destroyed the Haskell Building, a story brick structure. Loss, \$150,000.

## Joy of the Domestic Man.

Sometimes when one looks about at the unhappy and unrefined domestic life so prevalent today, one cannot but call to mind the reverse of this condition, which Emerson so charmingly pictures and which so many seem to have lost.

"The domestic man who loves no music so well as his own kitchen clock and the airs which the logs sing to him as they burn on the hearth," says Emerson, "has solaces which others never dream of."

Emerson presents so true a picture, so happy a picture of the joys of domestic life, it seems a pity that they should form so small a part of much of the home life of today.

Is it not because we have drifted far away from the kitchen-clock frame of mind, because the logs that burn on our hearth are so largely artificial, instead of genuine hickory?

Few today find any music in the kitchen clock. They prefer a piano-player, a talking machine or the melodious honk-honk of the auto. These are not to be despised. They add to the pleasure of life if one can own them without living beyond one's means. But if one cannot own them, there is still joy in life if one possesses the frame of mind typified by joy in the kitchen clock, the state that can find delight in simple pleasures. There is, indeed, solace in these. And to believe domestic life is no longer worth while because one cannot maintain an expensive and elaborate establishment is to miss much of the truest joy of living.

The aim the logs sing have been replaced by the sputter of gas logs—

### BRYAN'S ATTEMPT TO DICTATE TO GOVERNOR HARMON

There are few Democrats in Ohio who will not read with unhesitating approval the courteous reply of Governor Harmon to the demand to Mr. Bryan that he use his influence to force the nomination of a candidate for the Senate by the Democratic State convention. There is as yet no crystallization of sentiment as to who the Democratic candidate should be, nor is there any prospect of such crystallization in the short time yet to elapse before the convention meets. The Ohio Legislature has long had a Republican majority, and by general consent it has been felt that the first thing to do is to reverse that majority. When once that is done, neither Bryan nor anyone else need fear that the prize will fall to anyone who will use it as the tool of corporate interests. Governor Harmon, with the great majority of Ohio Democrats, favors the election of Senators by direct vote of the people. This requires a constitutional change which a Democratic victory in Ohio next November will do much to bring about. In anticipation of such a change some states have tried, by various kinds of legal machinery, to ascertain the will of the people and enforce it upon the legislature. No such device has as yet been wholly satisfactory, from the evident truth that the legislature has the constitutional power to disregard any such expression. If the coming Democratic Convention should make a nomination a Democratic legislature would have the absolute legal right to set it aside, and if were inherently a bad nomination would have the undoubted duty to do so. Under the circumstances, the wise thing to do is to bend every effort to secure an honest Democratic legislature. With a united party, that is first and foremost to the splendid administration of John Harmon, the Democratic is in position to do this. Unless there are various persons in Ohio who will aspire to the Senate in place of him, done. To counsel such a course now and to take a decision between them on such a matter would simply be to play the game of Senator Dick, by stirring up dissensions which would aid the Republican machine to retain its hold on the legislature. It does great credit to the wisdom of possible Democratic Senatorial aspirants that they have seen this and kept their aspirations latent. We might have seen half a dozen of them struggling to control Democratic legislative nominations all over the

**SEAEVER'S DYSPEPSIA TABLETS**  
Have you dyspepsia? If you have perhaps you want to get rid of it. You can by taking Seaver's Dyspepsia Tablets. We do not print any pictures of before and after taking. You get them by standing before the looking glass. If you don't believe this, try the tablets and you will. We have proved that Seaver's Dyspepsia Tablets will cure dyspepsia over and over again. We are ready to demonstrate it in your case, and we will tell you how. Go to the store of Erman and Son and get a package. Take it according to directions. If it cures you, step in and tell the druggist so. If it doesn't step in just the same, and tell him that, and he will hand you right back the duets you paid him. Do you suppose this offer would be made if we had any doubts about what the tablets will do for you? Do you see any way that you can lose any money out of it? But if you really enjoy dyspepsia, and want to retain it permanently, let Seaver's Dyspepsia Tablets alone, for the tablets won't let dyspepsia alone.

**Hood's Sarsaparilla**  
Is the most effective medicine for the complete purification of the blood and the complete renovation of the whole system. Take it this spring. Get it in its original liquid form or in tablets called Sarsaparilla. Ten Doses \$1.

**NO MORE RUNNING SORES.**  
W. A. Erman & Son Sell an Ointment Called San Cura That is a Positive Cure.  
If you know any people who suffer from old running sores, tell them about San Cura Ointment, and they will be as long as they live. It matters not how old, persistent or poisonous the sore is, San Cura Ointment, the powerful antiseptic, will draw out every particle of poison and promptly heal the sore. So sure of this are the owners, the Thompson Medical Co., that they have authorized W. A. Erman and Son to return the purchase price if San Cura Ointment doesn't do all this paper says it will do. No fairer offer was ever made.  
R. D. Dutton, Titusville, Pa., knows that San Cura Ointment will cure sores, and in the interest of suffering humanity he constantly praises its marvelous curative virtues. He says: "My arm was covered with twenty-four running sores, and swollen to twice its natural size. San Cura Ointment remained the pain, drew out the poison and healed the arm in an incredibly short time. It is the greatest compound for healing I ever used." The mighty healing powers of San Cura Ointment is little short of marvelous. It gives instant relief, and is guaranteed to cure salt rheum, eczema, bleeding, itching or protruding piles, ulcers, boils, carbuncles, chapped hands, and chilblains. For cuts, burns, scalds and bruises, it stops all pain quickly, and heals promptly. 25c and 50c a jar. By mail on receipt of price, if your druggist is out of it or does not keep it.  
**SAN CURA SOAP**  
For tender, itching or irritable skin, wash with San Cura, the only antiseptic soap that soothes and heals, and kills all germs of disease. It will cure pimples, blackheads, and make the complexion clear and attractive. 25c at W. A. Erman and Son.

**Lion Fondles a Child.**  
In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Danger to a child is sometimes great when least regarded. Often it comes through Colds, Croup, and Whooping Cough. They slay thousands that Dr. King's New Discovery could have saved. "A few doses cured our baby of a bad case of croup," writes Mrs. George B. Davis, of Flat Rock, N. C. "We always give it to him when he takes cold. It's a wonderful medicine for babies." Best for Coughs, Colds, La Grippe, Asthma, Hemorrhages, Weak Lungs. 50c, \$1.00. Trial bottle free. ### THREATENED WOMAN WHO IS BADLY SCARED

**Had Tussle Over Revolver and Man Was Shot in Hand—Doings in Police Court.**  
Badly frightened by the man she says is not her husband, although he claims her as his wife, Grace Clark, colored, filed an affidavit against Albert Baker, also colored, charging him with threatening her life, but when Officer McClure went to serve the warrant Baker could not be found and it is thought he has left the city.  
The woman told the policeman that Baker had threatened her, and that yesterday afternoon he threw her to the floor and pointed a gun at her head. She wrestled with him, and when almost exhausted she succeeded in getting possession of the revolver, but before it had been discharged and the bullet had gone through his hand.  
She said the trouble was caused because she refused to live with Baker, and she gave Officer McClure a letter that she found, supposed to have been written by him. The letter said that he loved her and wanted her to come to him, but that she refused and without her life was not worth living. The letter further said that after they were both dead he wanted it given to the Associated Press for publication.  
The woman was taken to the City Jail and given into the keeping of a woman who has been found of Baker, who is a Columbia man.  
The attorney, Officer C. Connelley, and Sutton went to 111 Canal Street and there arrested Baker. He was taken to the city prison and will be given his hearing later.

hound traced the supposed chicken thieves that raided A. J. Powell's coop Sunday night, and was searched yesterday by police, but no signs of any chickens were found. There were several chickens in the coop, but they were of the game variety, and were in a coop. The wanderers were ordered to move on, and they left yesterday for some other point in their endless travels.  
John Atkey, charged with driving away a horse owned by a Mrs. Moore, living on Jefferson street, and who was arrested by Officer Zergiebel was given his hearing this morning, and Mrs. Moore appeared against him. The case was finally settled by Atkey agreeing to pay her \$22 for the animal.

**Wm. Forgraves, accused of stealing a bicycle from the porch of C. W. Dutton, 15 West Church street, was arrested Sunday and this morning he was given his hearing and bound over to probate court. The wheel was taken Saturday night and Sunday it was seen in front of a restaurant on South First street by Will Jasper, who recognized it. He rode it to the Dutton drug store and notified the police. They visited the restaurant and Forgraves was taken into custody.**

**Burglars, by forcing a back window, entered the contract grocery store of John Broadbeck, 333 East Main street, Sunday night, and made quite a haul. A penny machine, worth \$75, was taken, and in the machine was about \$4 in pennies. About \$5 was taken from the cash register and a quantity of cigars, candy and fruit is missing. Officer Burke was sent to investigate the case and the evidence points to local talent. The officer thinks the thieves are the same that entered the Paul Turner Hardware near beer saloon, Monroe and Morris streets, but there they were frightened away before anything was taken.  
Sneak thieves made away with towels, table cloths and shirts to the value of several dollars from the porch of John Brown, East Main street, last night. The articles were in a clothes basket in a rear porch that was covered with lattice, but the thieves upset the basket and managed to pull several articles between the crossed bars.  
Refrigerator thieves are working in East Newark and several cases of where the ice box has been robbed have been reported to the police.**

**Common Peas Court.**  
The court and jury were engaged today in the trial of the case of the State of Ohio vs. John Miller. The state charges that Miller, on Dec. 18, 1909, unlawfully and forcibly made an assault upon Fred Martindale, in this city, and took from him \$11.80.

**Petition for Divorce.**  
In the court of common pleas Charles A. Speigle has filed a petition asking for a decree of divorce from Susie B. Speigle. The parties were married May 25, 1906, and plaintiff charges his wife with refusal to perform any of the household duties.

### AMUSEMENTS

**KEITH VAUDEVILLE**  
At the Auditorium theatre last night the order was carefully business and the galleries had to be closed to accommodate the large crowd and all were justified for the show is the best of a number of exceptionally good bills that have been presented there since the house opened in vaudeville.  
The show opened with the African duo and they have a number of pleasing stunts on horizontal bars, including a good acrobatic feat, which was introduced in the comedy set 5 called "Fun in Gymnasium." This set a new big and received a big hand.  
Yuki Yamakura, a petite Japanese maiden, is seen in a singing act that is in every way a delightful novelty. Wearing a handsome Japanese costume she sings several very pretty songs in English, which are undoubtedly entertaining by the aroma of her voice.  
Louise Kent and Company have a very clever playlet "Sold" in which Miss Kent does some very nice work as an actress and wears a very striking gown and hat. Her supporting company is very capable and the skit in itself is very entertaining.  
C. J. Canine and Company are appearing as a new-boy quartet and all voices harmonize nicely and they have a number of well selected songs. Quartets are always favorites with the patrons in Newark and this company proved no exception for every number was warmly applauded.  
The feature act is the Four Juggling Johnsons, who are marvels in their art. They work hard and with great rapidity and one is kept busy trying to fathom the many intricacies of the act. They are the best jugglers ever seen here and are well worthy to occupy the prominent place they do on the bill.  
The orchestra and moving pictures are up to the standard and are a fitting close to a very clever attraction.

### NEWARK BARGAIN SHOE STORE 27 SOUTH PARK PLACE

word of sympathy to those unfortunate who were unable to get in to see the summer bill at the popular Gaietyville yesterday.  
People do not break forth into cheers and whistles at the end of an act merely because they feel that they need the exercise. From the noise they make at the conclusion of each act, one would infer that the show pleased them immensely. It is no small wonder that it does please, as it is one of the cleverest programs seen here for many a moon.  
The show opens with La Belle Stone, who presents her European novelty act "The Mysterious Sphere." It is one of the most sensational acts that has appeared here in vaudeville for some time. Think of a woman getting inside of a large ball, made of steel, and without the aid of any mechanical contrivances or any outside assistance going out a solid column 14 feet high and coming down again safe and sound. Now this is one of the most wonderful acts that you ever or ever will appear in Newark and we would advise our friends to see La Belle Stone at the Gaietyville.  
Bert Mulburn, the classic minstrel, recently with Colman and the Minstrels, made one of the biggest hits on the bill and is one big laugh. His comedy and songs are of the latest reality which helps him in the mark. Really and the Barry Sisters are another big thing on the program and their singing and dancing received much merited applause at all performances yesterday. Their costumes and novel electric effects while dancing is a pleasing thing to look at. Arriving at the Gaietyville, at the Horace Hotel, present a one act playlet. The College Actress, which is one of the best things that we have seen on some time and is one of the most popular things in the Gaietyville.  
The show opened with the African duo and they have a number of pleasing stunts on horizontal bars, including a good acrobatic feat, which was introduced in the comedy set 5 called "Fun in Gymnasium." This set a new big and received a big hand.

comedy savings. The pictures on the orchestra are pleasing.  
It has not yet been estimated how extensive the damage caused by the fire on the floor in the Gaietyville, but the manager, George F. Folsom, says that no matter how great it was in a good cause.  
**OPERA AT RICKL PARK.**  
Ricker park now under new management, will have as its chief attraction this week the National Opera company. This is indeed a good move on the part of the Ricker management as the opera company is considered one of the best organizations in the field of light opera. It is a young troupe of performers in all the principal cities of the United States and Canada, its recent triumph being an elaborate production of "The Song of the Sea," which was given at the Gaietyville in the American, and in the New York, the Hill of the Journal, and others, pronounced it to be the best of the best of musical organizations.  
The cast will be kept up to the latest and includes as Charles Hartington, a national comedian, who has made many successes with "The Little Princess" at the La Salle theatre, and a star himself, as a comedian, an artist of refined and elegant tastes, as well as the principal comedy roles in all the popular theatres, some of the names are: Patricia, who is one of the prima donnas, a most capable actress, who will be the leading lady in the new production. The new cast will also include a large and capable company of actors and actresses.

## NEW SPRING SCHEDULE FOR B. & O. ROAD

With the spring schedule which went into effect Sunday, May 29th, the Baltimore and Ohio railroad has systematically placed in service the new equipment of engines, baggage cars and coaches it has been receiving for the past several months.

Trains 5 and 6—the Chicago limited—have been transformed into two beautiful electric-lighted trains with entirely new equipment from end to end of baggage cars, coaches, sleeping cars, observation cars and dining cars. The coaches are new design with steel frames and trucks, cement floors, and are finished in polished mahogany, combining attractiveness with perfect sanitation, comfort and safety. The lavatories and toilets are separated on opposite sides of the aisle, the women's compartments being at one end, the men's at the other. The Pullman sleeping cars are provided with both upper and lower berth lights, and are equipped with electric fans.

Trains 1 and 2—Cincinnati and St. Louis Limited—have also been equipped with the new design coaches and electric-lighted Pullman sleeping cars with upper and lower berth lights. Train No. 8 the Chicago-New York Special, leaving Chicago at 10 a. m., will arrive in Washington at 10:45 the next morning, two hours earlier than formerly, with a corresponding reduction of the time of arrival in New York.

Two new semi-local trains have been placed in service between Cumberland and Washington, stopping at all principal stations, with connections to and from Romney, Berkley Springs, Hagerstown and Frederick. Two new trains were placed in service between Connellsville and Fairmont and the other trains adjusted to give this territory the best possible train service between Pittsburgh and West Virginia points.

A new Royal Blue Line train, will leave Washington at 11 o'clock Sunday morning, reaching Baltimore at 11:50, Philadelphia at 2:02 p. m. and New York at 4:15.

The local trains Nos. 111 and 112, running between Wheeling and Zanesville, O., were extended into Columbus, to fit in with the general scheme to improve the local train service wherever possible.

The placing of the new equipment will continue as fast as deliveries of coaches are made.

## MRS. SHEPARDSON VISITS SPOKANE

The Spokesman-Review, of Spokane, Washington, of the date of Sunday, May 22, contains the following concerning Mrs. Daniel Shepardson, widow of the late Rev. Dr. Daniel S. Shepardson, formerly of this city, who was celebrated throughout the United States and other countries as the "wheel chair evangelist":

"Mrs. Daniel Shepardson, widow of the late Rev. Dr. Daniel S. Shepardson, who was famed as the 'wheel chair evangelist,' passed through Spokane yesterday on her way east after a tour of four years of the world.

"Mrs. Shepardson stopped in Spokane to call upon Mr. and Mrs. Smith Ely, and also to transact business.

"Four years ago Dr. and Mrs. Shepardson started on a mission tour of the world. After 8 days away from the United States Dr. Shepardson died in Honolulu. Mrs. Shepardson returned to her home in Newark, O., and a few months after her husband's funeral started on the tour alone.

"She first went to London, where she labored among the poor for a year. Then she studied languages and music for several months, and journeyed to Germany. Later she went to Japan and then traveled to Asia Minor.

"Of all the cities I have visited I class Rome as the most historic in the world. I could not begin to tell you the many interesting sights to be seen there: of the old ruins of temples, arches and statues. I have met hundreds of prominent men and women of every country and my work among foreign missions I consider has been very successful."

"Mrs. Shepardson is of pleasing manner and talks interestingly of her travels. She left last evening for her home in Newark, where her mother, Mrs. Ross Smith, lives."

Mrs. Daniel Shepardson, on her way home, will stop over in Chicago to attend the wedding of her niece, Miss Helen Marsh, daughter of the late Mrs. Lida Shepardson Marsh, of this city, who was a sister of the late Dr. Daniel Shepardson. Mrs. Shepardson will be accompanied home by Mrs. S. S. Shepardson and Prof. George Shepardson, of Minneapolis, who will attend the commencement of Denison University at Granville.

Many a man who thinks he is in love lives to discover that second thoughts are best.

## FREE BOOKS FOR MOTHERS

Send for Them and Learn More About the Treatment That This Michigan Woman Recommends.

As a woman's health is dependent upon the condition of the blood, every mother, who fails to regain her strength after childbirth, should hasten her return to health and save herself from years of unnecessary suffering, by giving Dr. Williams' Pink Pills a thorough trial. The pure, new blood, which the pills make, renews the weakened system until health is restored.

Mrs. Emerson Fisher, whose address is Box 7, R. F. D. No. 1, Ashley, Mich., owes her health to a thorough trial of Dr. Williams' Pink Pills. She says: "After the birth of my second child I was completely run down and my blood was weak and impure. For over a year I suffered from weakness. My feet felt as though needles were pricking them and I couldn't stand up long enough to wash my dishes but would have to sit down. When I sat down I could not draw my feet under me without supporting myself on the chair. I could not lie down in bed without being dizzy and sick to my stomach. I had no appetite, was very nervous and my neighbors did not think I would live the summer through."

"For six months I doctored with the leading physicians of this county and did not get any better, but grew worse if anything. They did not seem to understand my case and the last doctor I had told me he could not help me. It was some time after this that I read of Dr. Williams' Pink Pills and began to take them. They helped me from the start, I felt and looked much better and in a little over a month I was as well as ever. I heartily recommend the pills to every suffering woman."

Most of the diseases from which women suffer are directly caused by a lack of blood. Dr. Williams' Pink Pills, therefore, have been found unequalled in the treatment of anemia, green sickness, leucorrhoea, leucorrhea and all irregularities arising from impure or watery blood and weak nerves.

Every mother should have our booklet, "Plain Talks to Women" and "Care of the Baby," which will be sent free upon postal card request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

## THIS AND THAT

May ought to be, and probably is, ashamed of herself. She's going to leave tonight.

Many people are inclined to blame this ice-like weather upon Halley's comet. Well, we ought to be able to stand it once in 75 years.

Richard Gird, 74, the father of the California beet industry, is dead. With you is it a problem of the high cost of living or the cost of high living?

A very lady-like gentleman takes part in the Orpheum theatre bill tonight.

Some people think it's funny for a milkman to advertise that he wants to buy a cow. A pump can't do all the work.

Hendrick Hudson sailed from New York to Albany in 1614 in five days. Robert Fulton made the same trip in 32 hours in 1807. Pedestrian Weston completed the journey last month in 5 days, but Glen Curtiss made a "flying trip" Sunday in 166 minutes.

What can you fill a barrel weighing ten pounds with and yet make it lighter, inquires the Boston Record. The editor must have guessed the answer before he asked the question, for he printed it in the next line. Thus:

Holes.

## ROUMANIANS HOLD DANCE AT ARMORY

The Roumanian colony of this city, which is quite large in point of numbers, has, among other things for the good of its people, a beneficial society, which was organized for the benefit of the members. Saturday night this society gave a dance at the armory, which was one of the most unique ever held in the city. During the early part of the evening, the society, headed by a fine Roumanian band from Cincinnati, paraded around the public square and made a fine appearance. The celebration and dance was of more than local interest, as there were quite a number of visitors from outside the city in attendance, including several of the head officers from Cincinnati, Columbus and other places. Many of the dancers were dressed in the native costume, and all seemed to enjoy themselves to the utmost.

Dacia Traiana, of this city, is the secretary of the local society. The Roumanians of Newark have recently purchased the old German Presbyterian church, corner of Poplar and German streets, and have secured a Roumanian priest, who is permanently located here and who holds services at the church every Sunday.

## Fortune Telling

Does not take into consideration the one essential to woman's happiness—womanly health.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross. Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 40 years, been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their homes without their having to submit to indecorous examinations and offensive repugnant examinations.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as sacredly confidential. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce's GREAT FAMILY DOCTOR BOOK, The People's Common Sense Medical Adviser, newly revised up-to-date edition—1000 pages, answers in plain English hosts of delicate questions which every woman, single or married, ought to know about. ## BANISH THOSE GRAY HAIRS!

Kill the Dandruff Germs—Stop Hair Falling

Thousands of mothers are looking younger. Their gray hairs are gone. The natural color has come back, and with it a new growth of soft, glossy, luxuriant hair. Why should you look old, before your time, when you can look years younger by using

WYETH'S SAGE AND SULPHUR HAIR REMEDY

### Dandruff Cured

Three applications removed all the dandruff and left my scalp clean, white and smooth. Wm. Crook, Rochester, N. Y.

It is Positively Guaranteed to Restore Faded and Gray Hair to Natural Color

Whether "so-called" Restorers have failed, don't give up hope, but try WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk, it is not exactly as represented, your money will be refunded.

### PROFIT BY OTHERS' EXPERIENCE

#### Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My hair was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications removed the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

#### Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

### GREAT THROGS WITNESS RACES AT BUCKEYE

The chilly blasts fairly chased one another around at Buckeye Lake Monday, but in spite of that fact an enormous number of the "old faithful" were there and all cars leaving Newark at 10 o'clock in the morning until late in the afternoon were backed.

The day began bright and clear with a slight breeze, but before many minutes passed dark clouds rolled in and continued during the day but did not fall until late in the night. During the morning the great attraction was the boat races, under the auspices of the "Buckeye Lake Yacht Club" and the members and a great number of the lovers of the sport were on hand to witness them. Though great crowds left here from Zanesville and Newark, the street car company handled them in a nice manner, running trains in sections of sometimes six cars. As the day grew later the breeze came from the west and the clouds seemed to converge in the distance, and the dimming of the sun was hardly large enough to accommodate the dozens of dimmers. But then one did need something to keep the rapid circulation otherwise the sun would rob us of our good old December days.

The fishermen were out en masse but did not seem to be meeting with very much luck. None of the catches were shown for the first time this season and many were the scenes of weep and wail. A number of Colaptes were seen at the day at the lake and everything presented the appearance of a mid-summer gala day. The atmospheric conditions did not materially destroy the pleasures of the day and the somewhat disagreeable morning permitted of races being successfully conducted. Although the lake was covered with whitecaps, it was a good day for the aquatic sport and the races were as interesting as any ever seen on this body of water.

The preliminary handicap for power boats was called at 9 o'clock and all the entries were sent once around the three mile course, and at 10 o'clock the handicap race with eleven starters was called. The sun, kicked up by the boats, combined with the rough weather, drenched the sailors but no one minded the discomfort of wet clothing. The event was captured by G. C. Etnier of Columbus, in the "Ariel Third." The prize was a handsome barometer of English make, presented by the White-Haines Optical Company of Columbus. W. B. Etnier of Columbus finished second in this race.

The third contest of the day was for sail boats and eight of them were entered and got away at 10 o'clock, when the signal was given. The strong wind enabled the sailors to get the limit out of their craft and exceptional time was made over the course. G. B. Nutter, captain and owner of the "Kasee" crossed the line first with S. A. Seidler of Columbus second. The "Windward" a cat boat made the fastest time but it did not figure in the prize setting as boats of that class were not eligible to compete in the event. The prize for the first boat in this race was a cut glass punch bowl and 12 glasses donated by Commodore Fred G. Speer.

This wound up the morning's sport, and the afternoon races were started at 2 o'clock when the endurance race for power boats was called. Seven boats were entered in this race but only three finished the four times around the course. The "Chippewah," owned by L. B. Schneider of Columbus finished first with the "Blue Bell," J. S. MacLean, Columbus, second, and the "Columbus," owned by Daniel Carroll of Columbus, third. The prize for this race was a pennant and a money prize. Mr. Schneider turned the money over to the regatta committee for use in planning the Fourth of July events.

The events planned for this day will be above the average and some boats will compete that will average 20 miles an hour, for the big event of the day will be the competing for the prize offered by the Ohio Electric railway and which will be valued at about \$500.

The judges of the events yesterday were George F. Mooney, J. C. MacLean, H. D. Sheppard, Daniel Carroll and A. F. Cook.

### FATHER O'BRIAN CELEBRATES HIS FIRST MASS SUNDAY

Rev. William C. O'Brien celebrated his first solemn mass in St. Patrick's Sales church Sunday at 10 o'clock.

Rev. E. M. O'Brien acted as deacon, and Rev. J. M. Ryan as

father O'Brien preached an eloquent sermon on the dignity of the priesthood and referred to the talents and the training of the young priest. He told of his days a student of St. Francis de Sales school and how he served at the altar. He spoke of the many years he had spent in college and in the seminary and that he was about to step into success. After the mass the young father

### WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me and I must say it did help me wonderfully. My pains all left me. I grew stronger, and within three months I was a perfectly well woman."

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MOLDAN, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs. Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

### COLDEST MAY ON RECORD

The coldest May on record ended Tuesday. At 10 o'clock Monday night the temperature was 46, and at 7 o'clock Tuesday morning it was 47. The weather man has told us, however, that the cold snap will end today and that there is warmer weather in store for us, and that something like the "good old summer time" may be expected. The cold weather we have been having during the past two or three days has prevailed from the upper lake region south to Cincinnati, and east through the New England states.
